

KT-BPLED-EM-22/4-KIT

EMERGENCY BACKUP MOUNTING KIT

DESCRIPTION

Emergency LED backup mounting kit for 2'x2' and 2'x4' LED back-lit panel lights. Designed for use with KT-EMRG-LED-5-500-EN/DF & KT-EMRG-LED-12-1200-EN/DF emergency packs.

PRODUCT FEATURES

- Mounting hardware included.

PRODUCT DIMENSIONS

CONTENTS

- (1) Bracket, (2) Long Screws & (2) Short Screws.

INSTALLATION

1. Remove (2) screws from backside of panel light, according to holes that line up with the EM bracket at the desired location.
2. Secure the bracket to the backside of the panel light, using the supplied long screws into the now open holes on the backside of the panel light.
3. Mount LED emergency driver using supplied short screws, and proceed with wiring of the LED emergency pack.
